Part B for May 42

SUBJECT

Yaw-o-gasing measures in Bangalore city during the months of June & July every year

Recommendations made at the Conference of Dy Dt Health officers, ~~Municipal Commissioner of~~ Stations, Blore held on 20th Extract 12-41. M 97-41-34.
Health officer C/M Station,
Medical Asst North Range C/M Station &
one Military officer, Madras Dn

LSG 5/60/L

That cyanogasing in the State including Bangalore City and in particular of the localities where plague is endemic should be concentrated as to be completed within the two months of June and July which the Conference considers is the most advantageous time for this operation

This method has already been adopted in Mysore City while the Bangalore City has not adopted it This procedure has already been adopted in all towns and minor Municipalities where plague has been reported frequently within the last 10 years It is proposed that this measure will be adopted during the year 1942 As the Bangalore City Municipality has not adopted the measure it is recommended that Bangalore City may be advised to take up the work just as Mysore City is doing
